# What is UNICO

Since the inception of UNICO National in 1947, thousands of people and individual charities have been the recipients of UNICO's charity. Hundreds of thousands of dollars have been raised for national and international disasters. Typical of this generosity was the gift of \$500,000 to create 10 buildings in Italy to house those suffering from the ravages of an earthquake disaster. UNICO's disaster relief effort was raising \$30,000 for victims of the September 11th Twin Towers attack. One of the recipients was Windows of Hope which provided relief to those who worked in the restaurants and food services located in the World Trade Center.

Each year, UNICO Foundation and UNICO National Chapters donate approximately \$1 million to various charities. Scholarships continue to be the primary focus, as roughly one-third of all monies raised goes to deserving students from chapter locations throughout the chain.

UNICO National has funded major research in Cooley's Anemia and Mental Health. Through its association with the Jimmy Valvano Foundation it has funded several \$50,000 grants to help find a cure for cancer. These worthy areas continue to receive generous support from the chapters and its members for these worthy causes.

## Christoforo Columbo

*(Christopher Columbus)*

Christopher Columbus (31 October 1451 – 20 May 1506) was a navigator, colonizer, and explorer from Genoa, Italy, whose voyages across the Atlantic Ocean led to general European awareness of the American continents in the Western Hemisphere. With his four voyages of exploration and several attempts at establishing a settlement on the island of Hispaniola, all funded by Isabella I of Castile, he initiated the process of Spanish colonization which foreshadowed general European colonization of the "New World".
